

## INTERNSHIP: CORPORATE ENTREPRENEURSHIP & INNOVATION

We are a **boutique consulting firm**, working for global leaders across diverse industries to enable their top management to transform their businesses. We partner with corporates to radically **innovate like a startup** while **transforming their core business** to stay relevant in a digitized world. Based on 20+ years of cross-industry innovation and startup experience, we have developed the **"Excubation" approach to provide an advanced organizational corporate startup setup** for game changing innovations.

### Best of both worlds

we combine strengths of corporates and startups

### Hybrid expertise

our team has a blend of startup, corporate and consulting experience

### Strategy to action

we are analytically strong and passionate about implementation

### You will...

- ... support high profile **product and business model innovation & digital transformation projects** for large corporates.
- ... get hands-on experience and **maximum responsibility** on our client projects.
- ... work in **close collaboration with our clients** (DAX, MDAX levels).
- ... have the opportunity to join your senior colleagues for **onsite client support**.
- ... work in the **heart of Cologne's Startup scene** as our office is located in NRW's biggest Startup Accelerator & Incubator, Startplatz.

### You have...

- ... **or currently aiming** for an **excellent university degree** (Bachelor's, Master's) regardless of field of study.
- ... relevant **internships** or first **work experience** in consulting, startup or corporate environments, and an affinity for the startup space (e.g. founded own startup, helped a friend to found a startup, etc.).
- ... **a highly structured and solution-driven working mode** with precise attention to detail.
- ... the ability to **work collaboratively in a team**, willing to **invest into substantial learning experience**.
- ... excellent language skills both in **German and English**.

### We offer...

- ... working experience in a highly **professional, motivated and diverse team** of consultants with entrepreneurial spirit
- ... a **steep learning curve**, focus on **training and personal growth** and intense professional development
- ... an inspiring work environment, a fun team and an opportunity to **make an impact**
- ... the chance to **join Excubate after you have finished your studies** as (Junior) Consultant as our team will continue to grow – be part of it!
