

ENTREPRENEUR IN RESIDENCE (M/F/D)

We are on a mission to build a portfolio of digital products & services that simplify the life of healthcare professionals. While we are backed by a major corporate player, we move at start-up speed and appreciate an entrepreneurial, data-driven mindset.

We are now looking for an **Entrepreneur in Residence** to join our team in Düsseldorf!

Your opportunity:

- You immediately work for one of our ventures and work on selected projects in close alignment with our management
- You're in charge of your own projects in various areas (online marketing, business development, finance, etc.)
- You will soon have managerial responsibilities and contribute to scaling the ventures
- You will develop the skill set of a successful entrepreneur

Your profile:

- Bachelor's or Master's degree (preferably in economics, business, scientific, engineering, physics, mathematics, information technology or similar)
- You have prior experience in a start-up, incubator, VC or in strategy consulting or as a founder
- You are driven with a distinct business sense and self-starter mentality
- Your strong interpersonal and communication skills let you flourish in an open discussion culture across a broad range of backgrounds, organizational levels and personalities
- You have proficiency in the MS Office suite
- You have excellent German and English communication skills (both spoken and written)

What to expect:

- Steep learning curve as you're working hand in hand with the management and highly motivated colleagues
- International work environment with corporate and start-up experts
- Agile hypothesis driven work mode with modern performance monitoring methods (OKRs)

Have we sparked your interest? Would you like to shape the digital healthcare with us?

Then apply now at www.naontek.de or send us an email to jobs@naontek.de. We are pleased to meet you!
