naontek AG, Speditionstraße 15a, 40221
Düsseldorf

We are on a mission to build a portfolio of digital products & services that simplify the life of healthcare professionals. While we are backed by a major corporate player, we move at start-up speed and appreciate an entrepreneurial, data-driven mindset.

We are now looking for a **Scrum Master** to join our team in Düsseldorf!

Your opportunity:

- Work in one of our product development teams while also helping to improve the organisation
- You will guide your colleagues on how to use agile values and principles
- You will be a motivator and a supporter to your colleagues to self-organise and take responsibility for their products
- Facilitate agile rituals

Your background:

- 3 years+ of experience as a Scrum Master or agile coach
- You are a self-starter who is able to resolve ambiguity and provide focus across multiple domains of expertise
- You have coaching skills and you are able to manage conflicts
- You keep yourself up to date about agile methods
- Good understanding about how software development works is a plus
- You have excellent English communication skills (both spoken and written), German is a plus

What can you expect from life at naontek:

Innovation: Working at the frontline of digital healthcare, you can choose your own device and tools from state-of-the-art-technologies

Personal Growth: We support your constant personal and professional development and provide the dedicated training you need

Autonomy: We focus on our visions and goals and we give you the freedom to creatively reach those targets

Compensation: We offer competitive salaries together with employer funded pension, flexible working hours, additional holidays, lunch allowance and public transport ticket subsidy

Location: Our office is located in the digital heart of Düsseldorf (Medienhafen)

Have we sparked your interest? Would you like to shape the digital healthcare with us? Then apply now at **www.naontek.de** or send us an email to **jobs@naontek.de**. We are pleased to meet you!
